Kendra -

Thank you for getting back to me and working to make this meeting happen - I completely understand about the Dennis' busy schedule. I will check with my colleagues and see if we can find some dates that will work in June. Because fishing season (sport, subsistence, and commercial) gets underway in June it will likely be very difficult after the first week of that month until early August. I'll keep you posted.

Thanks again for your efforts.

Hi Shoren-

I'm sorry I missed your call last Friday- we were in a meeting that was specifically discussing RA McLerran's schedule. RA McLerran's schedule for the rest of May is extremely tight. We could schedule a meeting with Bristol Bay Tribes, but from my perspective, I want to make sure that everyone who comes in for the meeting would have substantial time to meet with RA

McLerran and to discuss the issues. We understand that this is an extremely important request, and we want to make sure Dennis is appropriately briefed for the meeting as well. At this point I don't think this can happen in May. I want to check in with you on the possibility of moving this meeting to June, or to a date later in the summer. Can you provide some alternative dates for a possible meeting? There will be other opportunities for Dennis to be in Alaska as well.

Again, I regret that we will not be able to schedule something at this time, but let's continue to work together to find a date that will lead to a more productive discussion for everyone involved.

Kendra -

Thanks again for the call late last week. It looks like the 19th - 21st of May will work for the key players that we are trying to get to Seattle and I would like to discuss which of those dates will be best for Mr. McLerran's schedule. I will be in and out of meetings today but available on my cell phone if you get a free moment to touch base.

Very best -
